A note about the time zones:

- I am based in Pretoria, South Africa.
- You can use Johannesburg to calculate the time zone.
- The time zone is GMT+02:00.
- I use this website to calculate time zones: <https://www.worldtimebuddy.com/>
- You enter your city and my city and it gives you the correct time.
- My time zone never changes. If you are affected by Daylight savings time, please remember to calculate accordingly.
